

# Returning to Campus

*FAST FACTS* -- More information is available at [www.hilbert.edu/covid19](http://www.hilbert.edu/covid19)

Hilbert College values its students, faculty, staff, and community. Our Franciscan mission encompasses a learning experience for students that is dedicated to providing individualized attention and support in a diverse and small group setting on campus and in service with our community.

**Masks must be worn at all times and will be included in a Health Kit provided to all students**

**Six-feet of social distancing must be maintained**  
Classrooms have been rearranged to accommodate this. Follow campus signage and floor markings in public spaces.

**Good hygiene (specifically hand washing) is a critical shared responsibility**

- The Dining Hall and 78 West Café seating will be reduced to 50% capacity. Pre-packaged and full service food and beverage options will replace self serve options.
- All classrooms will be set up for live streaming during scheduled class times if warranted through the accommodation process.
- Visitors are not allowed on campus unless granted an exception request by the Department of Campus Safety or the Office of Residence Life.

## **Commuting students can return to campus on August 31, 2020 with these exceptions:**

- Students may return campus to conduct official college business such as meeting with Student Finance or Human Resources to complete financial paperwork, working on schedules with their academic advisor, and obtaining books and learning materials from the College's Bookstore beginning on August 17, 2020.
- Student-athletes will go through safety protocols under advisement of Inspired Health Group and the Department of Athletics and should refer to the full student-athlete plan in the COVID-19 Response Manual at [www.hilbert.edu/covid19](http://www.hilbert.edu/covid19)

## **Residential students can return to campus on August 22, 2020 with these exceptions:**

- Residential students from hot spot states must self quarantine upon arrival and should arrive to campus between August 6th and August 7th. Hilbert College will require tests from students who are arriving on campus from hot spot states prior to being allowed on campus. These individuals will be re-tested between 7 to 14 days after arrival, or upon development of symptoms.

*NOTE: For all in-state and local residential students, move in day will be phased beginning on August 22nd and students must complete health monitoring prior to entering residence. Students are allowed two support people to be present with them during move in.*

➔ Students who are visiting restricted states after July 22nd are required to disclose their travel to Hilbert College and arrive early to quarantine. See the COVID-19 Response Manual at [www.hilbert.edu/covid19](http://www.hilbert.edu/covid19) for more information.

➔ Hilbert has developed and implemented an elevated disinfection protocol, ventilation systems, and efforts to eliminate touchpoints. See the COVID-19 Response Manual at [www.hilbert.edu/covid19](http://www.hilbert.edu/covid19) for more information.

➔ Remote learning and other accommodations will be made for students who may be unable to attend class due to COVID or disability related reasons. These requests should be directed to the Accessibility Services and can be made at any point during the semester by contacting the Director of Accessibility Services at [ddimitrovski@hilbert.edu](mailto:ddimitrovski@hilbert.edu) or filling out the Temporary Accommodation Form: (<https://www.hilbert.edu/academics/student-services/disability-services/temporary-disability>)

If for any reason it is deemed necessary to close campus, all faculty are prepared to transfer courses to a fully remote format with synchronous components.
